

MTS-159

High Quality 5 Sockets, 3M Cable

FEATURES

- Imported fire-proof flame retardant materials are used, which reaches UL94V-0 grade standard. Has outstanding fire-proof property and strong electric insulation performance.
- Internal terminal is made up of high-quality phosphor bronze and shaped by punching. Free from oxidation, has high elasticity coefficient and is not distorted easily.
- Adaptable to standard plugs of all countries.
- Internal copper bar connection
- Individual switch & safety shutter

TECHNICAL PARAMETERS

Rated Voltage	250V
Power	2500W

Safety Precautions

- This product can only be used at dry place.
- The load should not exceed to the specified technical parameters of the product.
- Non-professional electricians should not dismantle the product by themselves.
